Peter thanks and I know you wont be on the call. Also, have cc'd Miera so that she is aware of this project as it is on both Brian and Dan's radar and will continue to remain among the most controversial projects in the Region until resolved.

Am sending this to the folks I still would like to participate in a conf call this Thursday from 11-12. The call in # is 1-888-858-2144; [REDACTED]

I'm not sure everyone on this end that hasn't been intimately involved is well aware, esp. Miera the new Planning director.

I'm wrapping up my review of the draft BA. Randy you and I can either discuss on the phone, or I can just send my comments to you both via email, or both. Liz Roberts has also reviewed. Your choice.

I had conversations with Kurt about the conservation measures last Thursday. At that time, Kurt informed me that a formal response was being prepared to the applicant's submittal of conservation measures (CMs) on 9/10.

*ACP clients discussing confidential legal advice*

This reply was being reviewed by their solicitor and have should have been sent or are close to being sent to the applicant by now.

*ACP clients discussing confidential legal advice*

I think everyone is aware of this.

It appears that negotiations regarding CMs may take a while but I'll touch bases with Kurt again on Monday. Tom - I wasn't planning on being in tomorrow but if either of you wish to reach me you can do so on my cell as I'll be at home most of the day.

Tom have you or Randy had any conversation recently with FWS or the proponent about their discussions on conservation/mitigation?

I think it would be helpful if you can to share any latest developments on that front on a call.

Do you or Randy know how to set up a Doodle poll? That's a pretty effective way of lining up people's schedules and getting a good date on the calendar. It's pretty straightforward but let me know if you need help with it if you're interested.

I would like to have a conf call next week if possible so that we can pursue this process and ensuing

*ACP clients discussing confidential legal advice* the Forest, RO and OGC are on the same page.

I would like to have this call for an hour or so, next tues, wed or Thursday if possible and would appreciate if you could let me know what dates/times would be best.

Also, please take a look at Randy's msg below regarding the amendment.

Don, thanks so much for getting this info. even knowing that it is not easily attainable is info that the group needs to know. I think if they want more specifics, they (Ken) really need to have the contractor do that work – not us!

Deb,  
I've tried to help with the similarly situated properties table but I'm afraid I don't have all the GIS skills to perfect it.

Sorry I couldn't be of more help. Let me know if you need me to keep plugging away at this.
